

Mahone Islands Conservation Association

Island Race - Concert

July 1, 2014 | 6:30 pm - 8:30 pm

Levy /Conrad Dock - Martins River

277 Silver Point Road, Martins River

After a fun day racing, we are happy to host a live concert in **support of MICA!** Summertime just brings out the music in people and the music brings out the people! Bring your boat and moor, anchor or dock. It will be a great spot for you and your crew to enjoy the music. Listening to music outdoors, the music becomes part of the natural landscape. Or...bring a blanket or a chair so you are free to kick back, relax and enjoy on the front lawn.

Christina Campbell - A killer guitarist, a classically-trained pianist, a sincere, dynamic songwriter, and an incomparable singer; Christine Campbell is truly a rare, multi-faceted talent. Ranging from a raspy, rocking powerhouse to a soft, heartstring-tugging chanteuse, she brings entire audiences to a hush, and then to their feet.

For details of Christine Campbell's ever-advancing career, check out her website at christinecampbellmusic.com, her YouTube channel at www.youtube.com/videosofchristine, "Like" her Fan page on Facebook; or Tweet her @christinecampb7

Brian Bourne - his music is cross-genre but deeply based in the roots of blues, jazz, rock and reggae. He was part of the original touring cast of DRUM and the multi award-winning Celtic rock group Rawlins Cross. Bassist, guitarist, vocalist and songwriter, he is best known for being the only musician in Atlantic Canada who plays (and teaches) the Chapman Stick. <https://www.facebook.com/pages/Brian-Bourne/324027497681978>

Tickets are \$25 per person and may be booked in advance at: www.indianpointyachtclub.ca
